TFDA supporters,

It has been six months since our last fundraiser, and a lot has happened in that time. In our last drive in December, we raised over \$10,000 from over 122 donors. Thank you for your support!

Since then, as many of you know, the Ultiplex project has been front and center, with several legal, bureaucratic, and political hurdles undertaken.

In February, we appeared in front of the Durham Planning Commission, which by a 6-5 vote against, sent a non-binding recommendation to the Durham County Commissioners NOT to permit it.

Because of this vote, our design firm recommended we seek legal counsel for help getting the project approved by the Durham County Commissioners in April. Despite our lawyers' assistance, the great turnout of ultimate players, and the outright merit of our project, it was clear that the commissioners were not going to approve the project as described, and so a decision on the project was deferred till a later meeting.

Since then, our design firm has made changes to the plan, which requires that the Ultiplex go again before the Planning Commission, which will take place in June.

Meanwhile, our lawyers have set up several one-on-one meetings with the County Commissioners to ensure that they like what we've done. All of these delays, resubmissions, and meetings continue to cost TFDA

### Spring Co-Rec

Team Navy won the inaugural Spring Co-Rec League Championship with a victory over Team Gold. The championship capped off a perfect season for the squad. Teams played 5 on 5 in this league during the season that was capped off with a round-robin tournament leading into the finals. The smaller teams provided a great way for beginners to get involved and gain experience.

thousands of dollars.

Right now, TFDA needs your support more than ever.

We have set an ambitious goal to raise \$20,000 by July 4th.

Donations may be made via:

- check sent to 719 W. Cornwallis Rd., Durham, NC 27707
- PayPal @ <http://tinyurl.com/ultiplex-donation>
- payroll deduction at IBM (see instructions near the bottom of <http://www.tfda.org/fundraising>)

## Pleiades makes Nationals

Pleiades, the UNC Women's team, made College Nationals this year. They also qualified for TFDA's matching grants program by earning volunteer points with their work with TYUL, so TFDA will be matching donations to their program up to \$1000! You can make donations to help them on their way to nationals by using [this link!](#)

## New Website

By now, you've probably noticed we have a new website for TFDA. The TopScore platform offers a unique opportunity for us to meet the demands of our growth while taking the burden off our volunteer developers. The board would like to recognize Dwayne Purper, Ben Greene and Josh Murphy for their contributions to the previous site and helping us get to this point. Dwayne especially has been carrying the lion's

## Kudzu coming!

The 14th Annual Kudzu Co-ed Classic is coming in May.

<http://kudzu.tfda.org>
