League Updates

Fall Co-Rec League

The Fall Co-Rec League championship is almost here! 67 people signed up for the inaugural fall co-ed league focused on beginners and giving people a chance to learn the game and develop their skills. Players range from 13 to Master's age. The competition has been great with most games decided at the very end. Teams will battle it out this weekend for a chance to play in the championship game next Wednesday.

Community Update

Club season is drawing to a close with several local teams representing the Triangle at nationals. Congratulations to Ring of Fire (Open), Phoenix (Women's), Whagonweel (Mixed), and Boneyard (Master's)!

Follow the action on the [score reporter](#) at the USAU site.

Board Update

The board has several ongoing initiatives including leagues and the Ultiplex.

We're currently finishing up a new Beginner League taking place in Raleigh and kicking off Winter League.

Board Elections are coming up in November and the board will be looking for new people interested in helping us continue growing ultimate in our community.

Lastly, or should I say primarily, the board continues focusing on [fund-raising](#) efforts for the Ultiplex. For those that attended the April meeting or viewed the [slide show](#) on the Ultiplex, you've learned about some of the significant costs associated with building a complex for ultimate. Revenues from leagues and membership dues are not enough to keep us moving forward. The board continues to evaluate opportunities to increase financial support for the project. As part of this, Kennedy Comer joins us as Fund-raising Chair to help guide our efforts.

Board Elections

Three seats on the board are coming up for election this November. Seats on the board are for two year terms and serve as a way for members to help TFDA work on the Ultiplex, run leagues, and give back to the ultimate community.

If you are interested in joining the board, please contact us at board@tfda.org.

Ultiplex Update

Work on the [Ultiplex](#) continues as we move through the planning and approval process. We've been making slight revisions to plans for the Ultiplex to meet the requests of the Durham Planning Department. There are several more approvals needed before the plan is officially accepted and work can begin. The current timetable looks to be early 2011 to complete this process.

Volunteer!

TFDA is soon announcing a new initiative to intensify the fund-raising effort for the Ultiplex. To help with this new initiative TFDA is looking for an Assistant Volunteer Coordinator to help organize and manage part of this new effort. This position is unpaid, but very important in bringing the Triangle Ultimate community together for the benefit of the Ultiplex.

If you're interested in being part of this Ultimate history, please contact Kennedy at 302-598-7262 or kennedy@tfda.org.
